Overview

The Account Administration feature allows providers to control website access for their Tax Identification Number (TIN). Each person who needs access must first register to create an account. Then, an Account Administrator can sign into the secure site and approve or deny access for those accounts. This guide will show you how to become an Account Administrator and how to use the feature once you have access. Each TIN can have multiple Account Administrators.

Account Administrators are responsible for:

- Approving website registration requests for new users
- Denying website registration requests for new users or existing users
- Promoting users to Account Administrator
- Demoting other Account Administrators to a non-administrator role
- Serving as a point-of-contact for other users within their organization/TIN

The Account Administrator role selection for myVACCN.com is subject to attestation that you:

1. Have the authority on behalf of your organization to make decisions and manage account access for users under its TIN
2. Have the authority to control other user's access to the Account Administration role, while acknowledging that there can be multiple Account Administrators under the same organization
3. Agree to be responsible for managing and disabling access as necessary and to be the point of contact for users under your organization/TIN
4. Accept responsibility on your behalf as well as on behalf of your organization for which you are making use of this application

Please note: Billing Agencies cannot sign up to be an Account Administrator.

Account Administration Sign Up

Sign up to be an Account Administrator during website registration as a new user. Existing users will see an option to sign up when returning to the secure website for the first time after this feature is implemented.

Account Administration Attestation Form

Each user must first agree to the Account Administration Attestation and submit an electronic signature as shown below in order to be an Account Administrator.

The screenshot shows the 'Account Administration Attestation' form. At the top left is the OPTUM logo with 'VA Community Care Network' below it. At the top right is the 'myVACCN by PGBA' logo and a 'Chat' button. The main heading is 'Account Administration Attestation'. Below this, a paragraph states: 'The Account Administrator role selection for my VACCN.com is subject to your attestation that you:'. This is followed by a numbered list of four requirements: 1. Authority to make decisions and manage access for users under its TIN. 2. Authority to control other users' access, acknowledging multiple administrators. 3. Responsibility for managing and disabling access as necessary. 4. Accepting responsibility on behalf of the organization. Below the list, it says 'I agree to the above by signing on 12/09/2020.' There are two rows of labels: 'Facility/Business Name:' with the value 'NC Family Care' and 'Provider's TIN:' with the value 'XXXXX3474'. Below these are two redacted input fields for 'Authorized Officer:' and 'Title:'. At the bottom center is a blue button labeled 'Accept Agreement and Continue'.

Please note: If a user declined to sign up initially, he/she can be promoted to an Account Administrator at any time by another Administrator for the same Tax Identification Number (TIN).

Secure Homepage

The Account Administration option will display in the top blue navigation bar of the secure homepage. If there are accounts pending approval, a message will display in the yellow notification bar. Select either Account Administration or the “view now” link to navigate to the Account Administration feature.

Please note: Users who are not administrators will not see either link on their homepage.

The screenshot shows the myVACCN secure homepage. At the top left is the OPTUM logo with the text "VA Community Care Network". At the top right are links for Home, Print, Provider Feedback, and Logout. Below these is the myVACCN logo by PGBA. A dark blue navigation bar contains tabs for Veteran Information, Claim Information, myAccount Information, XPressClaim, Account Administration, and Chat. The Account Administration tab is circled in red. Below the navigation bar is a yellow notification bar for user John Smith, with the text "You have pending approvals." and a "view now" link circled in red. The main content area features several sections: "Verify veteran eligibility" with an image of a doctor and patient; "Check claim status" with an image of a doctor's hands; "View Referrals" with an image of a doctor; "XPressClaim" information; "Standardized Episodes of Care (SEOC) Billing Code Information"; "Please note" regarding chat and provider feedback; "Provider Services" with phone numbers for three regions; and a maintenance notice at the bottom right.

Account Administration Feature

A list of accounts (except the signed-in user) for the Tax ID Number will display. The list can be filtered by First Name, Last Name or account Status. There is also the option to sort by column (Profile Type, First Name, Last Name, Business Name, Registration Type, Status).

Account Status

There are six possible **account statuses**:

- **Approved** – This account has been approved by an Account Administrator. The user has access to the secure website. An account administrator can reverse the approval by denying the account at any time.
- **Denied** – This account has been denied by an Account Administrator. When a denied user attempts to sign into the secure website, a message will be displayed: “Your registration has been denied. Please contact the Account Administrator from your organization if you feel this is an error.” An account administrator can reverse the denial by approving the account at any time.
- **Inst Reg Completed** – This account has completed instant registration. The user has access to the secure website. An account administrator can deny access at any time.
- **Inst Reg Incomplete** – This account has started instant registration but has not finished. The user does not yet have access to the site. An account administrator can approve this account. Then, the user can access the site without entering claims data to complete instant registration. An account administrator can also deny the account to prevent the user from accessing the secure website.
- **SKC Completed** – This account has completed registration by entering the Security Key Code (SKC). The user has access to the website. An account administrator can deny access at any time.
- **SKC Incomplete** – This account has not entered the SKC yet to complete registration. When this user signs into the site, he/she would be prompted to enter the SKC. An Account Administrator can approve this account. Then, the SKC will not be needed. An account administrator can also deny this account to prevent access.

Account Details

The [details link](#) will open a window with more information about the selected user such as job title, phone number and physical address.

The screenshot displays the myVACCN Account Administration interface. At the top, there is a navigation bar with links for Home, Print, Provider Feedback, and Logout. Below this is a menu with options: Veteran Information, Claim Information, myAccount Information, XPressClaim, Account Administration, and Chat. The main content area is titled 'Account Administration' and includes a sub-header 'Account Administration'. A 'Details' modal window is open, showing the following information:

Field	Value
First Name	Sylvia
Last Name	Worthington
Business Name	NC Family Care
Physical Address	PO BOX 555 City NC 27617
Job Title	Office Manager
Phone	(555) 555-5555 ext 18555
Registration Type	SKC
Status	Approved

Below the details, there are 'Admin' and 'Approval' sections. The 'Admin' section contains 'Promote' and 'Demote' buttons. The 'Approval' section contains 'Approve' and 'Deny' buttons. The background shows a table of accounts with columns for Name, Address, Business Name, and Status, along with action buttons for each row.

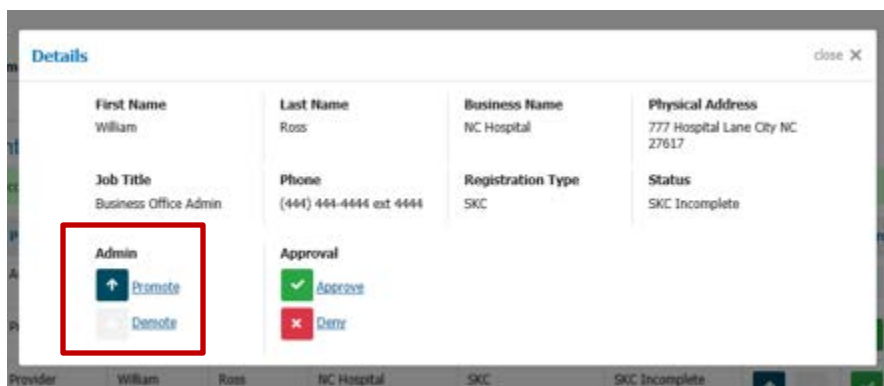

Admin Promotion or Demotion

Account Administrators (Admins) have the option to promote a Provider to an Admin or demote an Admin to a Provider using the arrow buttons in the Admin column from the Account Administration page or from the Details window.

Use the blue up-arrow button to **promote** a Provider to Admin. When this user accesses the secure website and navigates to the Account Administration page, he/she will be presented with an Account Administrator Attestation form to complete before the Administrator feature can be used.

Use the gray arrow-down button to **demote** an Admin to Provider (remove Account Administration access). When the user accesses the secure website, he/she will no longer see the Account Administration option but will still have access to all other secure features.

Account Approval or Denial

Account Administrators have the option to approve or deny access for their Tax ID Number (TIN) using the options in the Approval column on the Account Administration page or in the Details window.

Use the green check button to **approve** an account. The user will be able to access to the secure website without entering a Security Key Code (SKC) or claims information for Instant Registration.

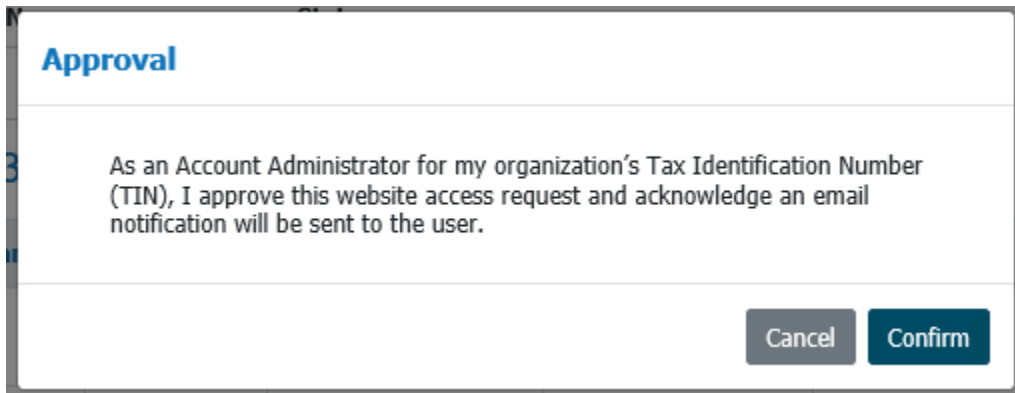

Use the red x button to **deny** an account. The user will not have access to the secure website. When he/she attempts to sign in, a message will be displayed: “Your registration has been denied. Please contact the Account Administrator from your organization if you feel this is an error.”

	Account Type	First Name	Last Name	Business Name	Registration Type	Status	Admin	Approval

Before the system completes an action (Promote, Demote, Approve or Deny), a **confirmation window** will display to ensure the Administrator wants to follow through with the action.

Examples:

A message will display once Confirm is selected, and the action is complete:

 The account has been successfully updated.

Email Notifications – New Registrations

Account Administrators will receive an email each time someone registers with their Tax ID Number (TIN). This will give them the opportunity to sign in and approve or deny the new accounts. All administrators for the TIN will receive an email.

If an administrator does not sign in and approve or deny an account, the user can still access the site by entering his/her Security Key Code (SKC) or claims information to complete Instant Registration.
